Embrace the AI-Powered Future of Work

Work with iT1 Source to elevate productivity and creativity with Copilot for Microsoft 365.

The pace of work is outpacing our ability to keep up.

Of people say they don't have enough uninterrupted focus time at work.

Of people are spending too much time searching for information.

Of an employee's time is spent on communicating (in meetings, email, and chat).

Generative AI represents an enormous opportunity

Reduce busywork

Radically rethink your workday. Delegate tasks to AI and protect focus time for the creative work that leads to innovation. Produce high-quality work in half the time.

End information overload

Quit mentally absorbing unnecessary information. Get answers instantly, identify only the important information, and restructure your day for success.

Work smarter, not harder

Quit spending so much time in your inbox. And make meetings more efficient with AI-powered intelligent meeting recaps, transcripts, and recordings.

Introducing Copilot for Microsoft 365: A whole new way to work

Copilot

Copilot for Microsoft 365 will help lighten the load

Built on Microsoft's comprehensive approach

Security
